About Me

Industrial & Production Engineer (RUET) who led a 60-member team to build Bangladesh's first-ever Formula Student Electric Vehicle, competing at Formula SAE Japan 2025 and winning Bangladesh's first international Formula Student PR Award. Hands-on factory experience at Nestlé Bangladesh PLC, with proven wins in business case competitions (Cognizant 2.0 Champion, HULT Prize Champion) and published research across three international conferences. Brings a rare combination of engineering rigour, cross-functional leadership, and business thinking to operations, supply chain, and consulting roles.

Work Experience

Nestle Bangladesh PLC February 2025 - March 2025

Internship

- Mapped and identified the primary production bottleneck
- Conducted Minitab-based statistical analysis correlating moisture levels with rework rates at the noodle production line, producing data-backed quality control recommendations
- Implemented 5S sorting at the packaging section

Team Crack Platoon May 2023 - June 2026

Team Manager

- Led a Team of 60 members to build a Formula Student Electric vehicle for the 2025 season & participated in the 2025 Formula SAE Japan
- Managed and maintained communications with sponsors like Tesla, SARBS Communications LTD, Yamaha, NextVentures & more
- Designed and implemented project management tools that helped team increase productivity
- Created project planning, budgeting, and documentation
- Led the shipment of the team's lithium-ion battery (classified as Dangerous Goods) and vehicle to Japan, ensuring safe packaging, regulatory compliance, and coordination with customs and freight authorities

RUET IPE CLUB March 2022 - July 2025

Assistant Organizing Secretary

- Organized Crackerjack 2.0: Inter-University Engineering Case Competition as team & communication lead
- Maintained communications with guests at different events
- Hosted at different national events
- Managed and maintained communications with sponsors like SheStem, LZ Group etc.

Youth Opportunities June 2022 - March 2023

Internship

- Worked as a social media intern & increased the page reach by 38%

Skills

INTERPERSONAL SKILLS

- Leadership and event management
- Organizing
- Team collaboration
- Problem solving
- Effective communication

TECHNICAL EXPERTISE

- Minitab
- MS Office, Google Workspace
- Power BI
- Canva
- Tableau

Education

Rajshahi University of Engineering & Technology 2022 - 2026
B.Sc. in Industrial & Production Engineering

Adamjee Cantonment College 2018 - 2020
Higher Secondary School Certificate(Science)

Adamjee Cantonment Public School 2007 - 2018
Secondary School Certificate(Science)

Project Work

1. **Formula Student Electric Vehicle (November 2024 - September 2025):**
   - Directed the end-to-end project management of a 60-member cross-functional team to design, develop, and manufacture a Formula Student electric race car.
   - Led the Cost & Manufacturing event and delivered the Business Plan presentation.
   - Led the team to secure the Formula SAE Japan 2025 PR Award, earning Bangladesh's first-ever international Formula Student accolade through exceptional leadership, engineering coordination, and stakeholder engagement.
2. **A Wheelchair-Bed that Converts to a Bed with Cleaning Feature (April 2024 - April 2025):**
   - Spearheaded the end-to-end development of a convertible wheelchair-bed equipped with automated cleaning and waste management functionalities.
   - Led the design and integration of mechanical, electrical, and sanitation subsystems to deliver an ergonomic and accessible assistive healthcare solution.
   - Managed a multidisciplinary team throughout the design, prototyping, and testing phases, ensuring reliable performance and user-focused functionality.
3. **Air Campus Lets Breathe Well Campaign (May 2024 - June 2024):**
   - Led the IPE Pokayokee Team in planning and executing the UNDP-funded "Air Campus: Let's Breathe Well" campaign to address air pollution.
   - Drove nationwide awareness through strategic social media outreach and interactive engagement sessions across Dhaka and Rajshahi.
   - Secured the Champion position out of 238 participating teams across Bangladesh in the UNDP Bangladesh competition.

Awards and Certificates

- Participated in the 2025 Formula SAE Japan, organized by JSAE, which was held in Japan & overall ranked 19th
- 3rd in the PR Award at Formula SAE Japan 2025
- 10th in the Cost & manufacturing event at Formula SAE Japan 2025
- 19th in the Business Plan Presentation event at Formula SAE Japan 2025
- Champion at "Let's Breathe Well" campaign organized by UNDP Bangladesh
- 2nd runner up at Policy Design Challenge at Triscend 1.0 organized by IEEE CUET
- Champion at the on-campus round of HULT Prize at RUET
- Champion at the case competition named Cognizant 2.0
- 2nd runners up at poster presentation organized by RUET Career Forum
- Champion at Public Speaking Competition organized by RUET IPE Club

Publications

- Development of an Innovative Wheelchair-Bed for Enhanced Patient Care in Bangladesh: Integrating Comfort and Accessibility Features published by *International Conference on Mechanical, Industrial and Materials Engineering 2024 (ICMIME2024)*
- Enhancing the Machinability of Mild Steel via Cutting Parameter Optimization: A Comparative Study of NSGA II and MOPSO published by *Mechanical Engineering and Renewable Energy 2025 (ICMERE2025)*
- Smart Waste Segregation System Using Multi-Sensor Classification published by *Bangladesh International Conference on Industrial Engineering and Operations Management (IEOM2025)*
